

**THE GOZO BUSINESS CHAMBER**

Palma de Mallorca, 14<sup>th</sup> October 2013

Dear Madam, dear Sir,

We are pleased to invite you to the **13<sup>th</sup> Annual Forum of INSULEUR**, the Network of the Insular Chambers of Commerce and Industry of the EU to be held in Gozo (Malta) **on the 8<sup>th</sup> November 2013**. This year's event is organized jointly with the Gozo Business Chamber.

Entitled “**Europe 2020 strategy in insular regions through active citizenship**” this event will address issues as important to our economies as the institutional proposals on EUROPE 2020 Strategy from the perspective of the interests of island territories.

Europe 2020 is the European Union’s main strategy aiming to put European economy back to growth. The main objective for European economy is to become smart, sustainable and inclusive. Islands should develop integrated and tailored solutions to meet such territorial challenges as well as create future opportunities. The Europe 2020 Strategy should play an important role in these regions as they provide a range of intervention tools that can be tailored to the specific territories themselves, dealing with a range of territorial characteristics.

The Forum will provide the opportunity to politicians, economists, chambers representatives and academics of high level, coming from local, national and European level to air their views about the subject.

You will find enclosed the **draft programme** of the Forum.

Please confirm your assistance before the **1<sup>st</sup> November 2013**, to the following e-mail address: [info@gozobusinesschamber.org](mailto:info@gozobusinesschamber.org)

Hoping to your participation at the **INSULEUR FORUM 2013**, receive our best regards.

Juan GUAL DE TORRELLA GUASP  
President  
**INSULEUR**

Michael GRECH  
President  
**THE GOZO BUSINESS CHAMBER**
